## MEDICINAL.

Time seems most untimely when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Lizzie A. Bowman, of New Martinsburg, Washington, D. C. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

## THE STRIKE IN NORFOLK.

The Central Labor Union of Norfolk yesterday stood by the strikers in their determination to stay out as long as the condition requiring them to go back to work with non-union men was in force, notwithstanding the decision of the board of arbitration named by the chamber of commerce.

The Central Labor body refused to raise the boycott against the railway company. Much excitement was caused to the meeting by some members leaving the hall because electric lights, furnished by the railway company, which has been placed on the tariff list, were used.

The Central Labor Union was in session until midnight last night and no one save members was admitted to the meeting. It was given out that the union decided to continue the boycott until last week declared against the Norfolk Railway and Light Company indefinitely. It was also announced that the union took no direct action in the strike situation.

The strikers held a meeting at 1 o'clock yesterday and the report of the Central Labor Union, approving all the actions of the carmen's union, was read. It was decided by the body to abandon the further consideration of proposals for the railway people, and the strike is now on indefinitely. Committees were appointed to visit all the other labor organizations in this State and secure unions for the maintenance of the strike, and plans for the continuation of the war against the railway company were discussed.

The Portsmouth Central Labor Union last night adopted resolutions declaring a boycott against the Norfolk Railway and Light Company, and severely censuring and denouncing Gov. Montague for calling out the militia.

The Norfolk Central Labor Union has also adopted a resolution, condemning Mayor Beseman, of Norfolk, and Sheriff Cromwell, of Norfolk county, for asking military aid, and denouncing Gov. Montague for furnishing it. Nearly every organized labor union in Norfolk has placed a fine ranging from \$10 to \$50 for any patronage of the company, or for doing any work for it.

By the decision of the board of arbitration, the striking motormen and conductors had until 12 o'clock yesterday to return to work. Five of the men made application and later withdrew their applications. Yesterday the cars were operated with imported men, under a quadrupled guard.

As soon as the company learned that the men would not accept the decision of the arbitrator it made preparations for the protection of its property, and the guards aboard the cars were increased. During yesterday afternoon everything was quiet and cars ran unmolested. With the coming of night crowds began assembling on the streets, and trouble was anticipated.

While a car in charge of Lieut. Johnson and a detachment of eight men was passing up Church street, through the section where the strikers live, a bullet crashed through one of the windows and came very near striking a soldier on the head. The guard immediately turned out, but the street was deserted.

A trolley car crowded with people was standing in front of the Granby Theatre when one of the soldiers aboard accidentally fired his gun. The bullet passed between the legs of a passenger and a panic among the women on the car was narrowly averted.

R. R. De Ford, a striker, was arrested last night upon the charge of shooting men through the car windows with a slingshot.

As the attitude of the crowds that assembled on the streets became menacing the cars were withdrawn from the line about 10 o'clock last night, as the company felt its passengers could not be properly protected.

Considerable trouble was caused last night by bricks being thrown from second-story windows. Ernest East, a small boy, was detected in the act of throwing the second brick at a car that had stopped to take on a passenger. The first brick thrown by the boy crashed through a window.

Strike sympathizers placed spikes on the tracks in Colley avenue and derailed a car. Later they threw stones through the windows of the car and were finally charged by a squad. During the excitement a rock was hurled at a soldier's head and he discharged his gun, the bullet grazing a policeman's helmet.

A report reached military headquarters that cars were being fired upon near the city limits, and two companies of militia were rushed to the scene. A young man with some buckshot and a bean shooter was the cause of the trouble.

Present Commonwealth's Attorney W. H. Venable, who is also counsel for the Norfolk Railway and Light Company, has withdrawn from the race for re-election at the May election. Cards denouncing Mr. Venable's connection with the company and city jointly have been largely circulated during the strike. Mr. Venable declared he had decided not to be a candidate a month before the strike began.

Its similarity to the Blood Serum in Composition Accounts for the "Peculiar Efficacy" of this Water in Uric Acid Diathesis, Gout, Rheumatism, Bright's Disease, etc.

The Water is Far Superior to the Lithia Tablets

John V. Shoemaker, M. D., LL. D., Professor of Materia Medica and Therapeutics in the Medical-Chirurgical College of Philadelphia, in the New York Medical Journal, July 22, 1899. "An additional advantage and extremely important reason for the BUFFALO LITHIA WATER lies in the fact that its composition approximates that of the SERUM of the BLOOD; therefore it is admirably fitted for absorption into the blood current and immediate INCORPORATION with the watery portion of the NUTRIMENT FLUID. It becomes at once identical with the BLOOD SERUM. These are qualities which far surpass those possessed by any extemporaneous solution of a single chemical preparation, as when a LITHIA TABLET, e. g., is dissolved in water for immediate administration. When we speak of a dose, it is of a quantity altogether relative, and what the physician emphatically desires in a dose is THERAPEUTIC EFFICIENCY. THIS WE HAVE IN BUFFALO LITHIA WATER. By SWEEPING URIC ACID rapidly out of the system it alleviates the miseries of gout. It is efficacious in RHEUMATISM, BRIGHT'S DISEASE, DIABETES, MELLITUS and a number of NERVOUS AFFECTIONS. Unquestionably, although the speedy removal of URIC ACID and other products of faulty tissue change is of conspicuous benefit, yet to prevent their formation is a service still more important. This service is performed by the BUFFALO LITHIA WATER when it corrects those digestive failures which are responsible for the production of deleterious materials."

W. A. SMOOT & CO.

## BY ELEVATING THE QUALITY

of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate and stone, than that of an inferior grade. It gives more heat, less ash and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
